

# Maintenance and Accelerator Support

RHIC Run 11 Au Physics

## Issues last maintenance

- QA or bad luck?
  - Several systems worked on failed in short order...
- Very slow pump down- Humidity?

# No Major Maintenance Scheduled this run

- Utilize “Ring Access Request”
- Standby items addressed behind failure/repair periods
- Booster D6 septum Saturday June 11, behind RHIC store
- Final schedule decisions TBD on Monday afternoon

# Spring heat...

## ■ Air conditioning issues:

- Alcove 3b continuing problem-installing portable unit
- 1002a portable unit remains in service
- PHENIX failed unit locked out, the other units (3) should hold the temp...

# Shutdown Kickoff

- Shutdown 2010 Post Mortem and 2011 Kickoff meeting:
- Friday June 17<sup>th</sup> 1330hrs
